

SAY "NO" TO SPRAWL

SAY "NO" TO URBANIZATION OF NORTH-EAST PICKERING (GREENWOOD)

Durham Regional Council voted to urbanize an enormous tract of land in North Pickering (Greenwood). Regional Official Plan Amendment 128

The Province rejected this plan as it is contrary to "Places to Grow".

Developers have already purchased lands.

Durham Region has appealed to the Ontario Municipal Board spending our Tax Dollars to fight FOR sprawl.

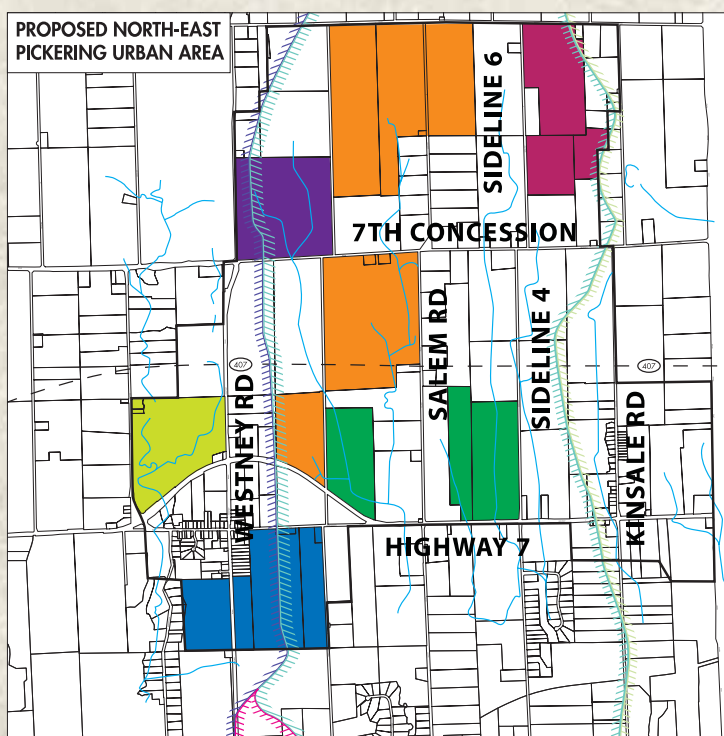

In mid 2010 Pickering Council supported the the position of Durham Region.

Pickering Regional Councillors, O'Connell, McLean and Rodrigues oppose the Urbanization of North East Pickering and want Pickering Council to direct Durham to abandon their appeal and oppose expanding the Urban Boundary.

On February 22, 2011 they will present a Motion to Pickering Council that says "NO" to:

- ✗ leap-frog urban sprawl
- ✗ Increased traffic in rural Pickering
- ✗ Increased taxes to pay for infrastructure and future operational needs for 30,000 more residents
- ✗ Increased flooding in Ajax/Pickering
- ✗ Extensive destruction of wildlife
- ✗ Destruction of water quality
- ✗ Destruction of the finest farmland in Ontario

What can you do? Tell them to SAY "NO"
